If your new year's resolution is to shed the pounds then Thermo Attack sports nutrition from [Lonsdale.com](http://Lonsdale.com) may be just what you need to help you reach your goal.

Thermo Attack capsules are a potent and unique blend of special high quality herbs and nutrients which work together in a variety of ways to help you manage to keep weight under control. It includes appetite suppressants with a powerful fat-burning thermogenic compound to increase your metabolic rate by mimicking some of the effects of exercise. It does this by increasing the body's uptake of amino acids into the muscles and speeds up fat breakdown (lipolysis).

Take just three capsules per day to start experiencing the positive effects and a reduced appetite. Can also be used in conjunction with Feed'n'Lean (also from [lonsdale.com](http://lonsdale.com)) which will help boost results even further.

Thermo Attack is not a substitute for exercise or a healthy diet programme but when used in conjunction with a calorie controlled diet and regular exercise the effects will be enhanced. The product is RRP £19.99, selling at £14.99 on [Lonsdale.com](http://Lonsdale.com) and contains 90 capsules in a tub.
